A message from Nickolas Inhelder:

## We Make Home Happen.™

Our goal is simple:

To help every family we serve get to “Yes.”

**Yes** to the loan that unlocks the joy of home ownership.

**Yes** to the lending solution that meets every client’s unique needs and wants.

That’s why we dedicate our every resource to serve as your personal guide through the lending process, solving problems, building confidence. Aslan has access to every lending option leading to the purchase or refinance of a residential home loan.

This is more than work for us. It is our unique joy in this life to share our collective skill, creativity, and care to bring you and your family right to where you belong.

Let’s make home happen.

## The Day Ahead: Another Chance to Assess Market Sensitivity to Politics

While there's no way objectively quantify the political ramifications of the failed assassination attempt on former President Trump over the weekend, history suggests--at the very least--that such occurrences are not damaging for a candidate's political capital. As one example, Reagan's approval rating immediately jumped 8 points after being shot in 1981. There does seem to have been an initial market reaction in the overnight session, but much like with the presidential debate reaction, it was very underwhelming in the bigger picture. This doesn't preclude a bigger reaction in November, but as in 2016, the most important political change would be one that results in a one-party sweep (House, Senate, Oval Office).
