Much Calmer, But Risks Remain

MBS Recap | Matthew Graham | 4:34 PM

Bonds had a significantly calmer day in terms of day-over-day change. In fact, by the 3pm close, both MBS and Treasuries were close enough to unchanged. There was a bit of intraday volatility that saw bonds attempt to stage a little rally only to give it all up by the noon hour--the latest reminder that we're dealing with some asymmetric risks over the next few weeks.
