Another Hawkish Powell Press Conference Harshes Bonds' Mellow

MBS Recap | Matthew Graham | 3:11 PM

The Fed cut rates and ended QT. Neither were surprises for markets and neither had an impact. The press conference was **hawkish**, however, with Powell saying a December cut was far from a foregone conclusion. This is very much counter to the market's expectation that a December cut was a lock. Fed Funds Futures tanked and yields surged about 8bps in the 10yr. MBS lost about 3/8ths and negative reprices continue to roll in.

Market Movement Recap

- 10:26 AM modestly weaker overnight and holding steady so far. MBS down 1 tick (.03) and 10yr up 1.6bps at 3.992
- 01:28 PM 10yr yields are up 2.9bps at 4.005 and MBS down 3 ticks (.09)
- 01:41 PM MBS now down 5 ticks (.16) and 10yr up 3.5bps at 4.012

Lock / Float Considerations

- The negative reaction to the Fed press conference runs some risk of follow-through on Thursday. Risk averse clients are already locked. Risk-tolerant clients may be seeing their sign to lock in today's developments. We won't be comfortable saying that risk/reward is back to a balanced level until we see that this afternoon's negative momentum fails to follow through in the 2nd half of the week.
