## Another Hawkish Powell Press Conference Harshes Bonds' Mellow

MBS Recap Matthew Graham | 3:11 PM

The Fed cut rates and ended QT. Neither were surprises for markets and neither had an impact. The press conference was hawkish, however, with Powell saying a December cut was far from a foregone conclusion. This is very much counter to the market's expectation that a December cut was a lock. Fed Funds Futures tanked and yields surged about 8bps in the 10yr. MBS lost about 3/8ths and negative reprices continue to roll in.

### **Lock / Float Considerations**

The negative reaction to the Fed press conference runs some risk of follow-through on Thursday. Risk averse clients are already locked. Risk-tolerant clients may be seeing their sign to lock in today's developments. We won't be comfortable saying that risk/reward is back to a balanced level until we see that this afternoon's negative momentum fails to follow through in the 2nd half of the week.
