

# MBS & TREASURY MARKETS

Daily Coverage. Industry Leading Perspective.

## **ALERT:** Negative Reprices Becoming More Likely

MBS are now down 6 ticks (.19) on the day and at least 5 ticks (.16) from most lenders' rate sheet print times. A few lenders have already repriced and at least a few more will follow.

10yr yields are up 4.6bps on the day to 4.110. Despite the weaker levels, selling has been boring and gradual throughout the session.
