## Data-Driven Sell-Off Dominates The Day. No Jobs Report on Friday

MBS Recap Matthew Graham | 4:13 PM

Very little changed after this morning's commentary. At the time, we were watching bonds sell-off somewhat sharply in response to an exceptionally strong ISM Manufacturing report. As is often the case with data-driven selling sprees, the worst was over in the first 10 minutes and the rest of the day was broadly sideways. That said, it wasn't without its interesting updates. Chief among them was news that this Friday's jobs report would be postponed due to the government shutdown (and same story with tomorrow's JOLTS data).

## Lock / Float Considerations

- Ironically, we've spent the last few weeks waiting on the present week to deliver big ticket econ data only to find that at least 2 of the biggest reports will be delayed due to the government shutdown. Other data can carry plenty of weight, however, as seen with Monday's ISM reaction. Wednesday is the next focal point with ISM Services and ADP.
