

MBS & TREASURY MARKETS

Daily Coverage. Industry Leading Perspective.

ALERT: Weakest Levels of The Day

MBS are down nearly an eighth of a point and at new lows for the day--just barely. Some lenders are just now seeing an eighth of a point of weakness versus morning rate sheet print times. As such, this is the threshold of negative repricing risk for the jumpier lenders.

10yr yields are up 4bps at 4.317--also the highs of the day.

Selling has been slow and steady.
