

ALERT: Weakest Levels

Just a heads up that MBS are down 5 ticks (.16) on the day and an eighth of a point from the AM highs. The jumpiest lenders could technically justify a negative reprice.

10yr yields are up 3.2bps at 4.335.

There wasn't an especially notable volume spike in conjunction with this move, so we'd hesitate to link it to a few war-related headlines in play at the time. The candidates include:
