A message from Sylvia Sanders:

Rates aren't one-size-fits-all.

National averages don't account for your credit profile, goals, or loan options. By working with a broker who partners with **100+ lenders**, you gain access to broader pricing – often more competitive than advertised averages.

ALERT: MBS Down Just Over an Eighth From AM Highs

Bonds have been selling off slowly and steadily this morning, but the past few minutes have seen a modest acceleration. 10yr yields are up 5bps at the highs of the day (4.405). MBS are down 3/8ths on the day with just over an eighth of a point of that drop happening after the AM highs. Because those highs correspond with many lenders' rate sheet print times, this introduces some negative repricing risk.
