Daily Coverage. Industry Leading Perspective.

ALERT: MBS Down an Eighth From Highs

MBS are now down an eighth of a point from the AM highs. Because those highs coincided with many lenders' rate sheet print times, the jumpier lenders could technically be considering negative reprices.

10yr yields are still down 1.1bps on the day at 4.552, but that's the highest level of the day and just over 2bps above the best levels.
