

MBS & TREASURY MARKETS

Daily Coverage. Industry Leading Perspective.

A message from Marc Erickson:

For informational purposes only. This is not a commitment to lend or extend credit. Information and/or dates are subject to change without notice. All loans are subject to credit approval. Rates vary based upon market conditions and borrower qualification.

ALERT: Negative Reprices Becoming More Likely

MBS are now down 5 ticks (.16) on the day and nearly a quarter point from morning rate sheet print times. Negative reprices are becoming likely among the jumpier lenders and increasingly possible for others.

There's no new news behind the weakness. Oil is only contributing modestly. Most the selling is bond-market-specific.
