

# MBS & TREASURY MARKETS

Daily Coverage. Industry Leading Perspective.

## **ALERT:** Negative Reprice Risk Increasing

Negative reprices aren't necessarily guaranteed, but they're a slightly higher risk now as MBS just hit new lows for the day. Some lenders are seeing an eighth of a point of weakness versus morning rate sheet print times. That said, the earliest lenders are only seeing 2 ticks (.06) of weakness and thus not at risk of repricing.
