ALERT: MBS Down Over an Eight From Highs

Bonds have been trending steadily weaker this morning. 10yr yields are up almost 5bps to 5.128 and MBS are down a quarter point on the day and just over an eighth from highs.

Because the highs coincided with some lenders' rate sheet print times, there's a small amount of negative reprice risk for the early/jumpy lenders. Those who released rates before 10:30am ET are at slightly higher risk.
