ALERT: Down Just Over an Eighth From AM Highs

For some lenders, this is merely a heads up. It depends on rate sheet print times. Lenders who priced between 10:30 and 10:45am ET are seeing just over an eighth of a point of weakness. If they're feeling super jumpy (or if initial rate sheets were aggressive), they could technically justify a negative reprice.

MBS are still up 1 tick (.03) on the day and 10yr yields are still down half a bot at 5.136.
