The number of new homes for sale fell to **470,000**, down 1.5% from September and 4.1% from a year earlier. With sales rising and inventory declining, the implied supply dropped to **8.0 months**, down from 9.3 months in September and 9.0 months a year ago.

Prices continued to soften. The median sales price slipped to **$391,300**, down 0.3% from September and 3.2% from October 2025. The average sales price fell to **$459,900**, down 2.2% month over month and 12.1% year over year. As a reminder, prices in this data set do not take into factor changes in square footage, neighborhood, etc.

- **Sales (MoM):** +14.2%
